Mr. (b) (6),

I do not understand your statements below. It is unclear whether you are trying to share information or are requesting information from the Navy.

Precisely what do you have in your possession? Where are you physically located? Do you have any connection to the Navy or Government? Your specific contact information is helpful - e.g., address, phone number.

You Sharing Information. Please DO NOT email or otherwise transfer ANYTHING in your possession that you know or reasonably believe to be classified by the US Government (e.g., classified at the Classified, Secret, Top Secret or SCI-levels, or allied equivalents). Please DO NOT transmit known or suspected classified information over the Internet or by any other means. Should you believe you possess information that is classified, please advise and we can assist with necessary arrangements for the Federal Government to securely receive that information.

You Requesting Information. If requesting information from US Naval Intelligence, please feel free to direct your request to the Office of Naval Intelligence Freedom of Information Act coordinator, by the means outlined below.

From the Office of Naval Intelligence regarding Freedom of Information Act (FOIA):

<https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>

*Notice: Due to the present Health Protection Condition (HPCON) level, our offices are limited to mission-essential personnel only while telework has been maximized for all other personnel. This means that we are unable to handle requests sent via traditional methods and can only respond to electronic inquiries while under elevated HPCON levels. It also means that our responses to inquiries about classified information will be similarly limited for the duration of this emergency.*

The FOIA is a disclosure statute intended by Congress to promote an informed citizenry. The law permits the public (U.S. or foreign citizens) to have access to records in the control and possession of the Executive Branch of the Federal Government. However, some records, or portions of them, are protected from disclosure by any of nine FOIA exemptions.

The FOIA is implemented throughout the U.S. Navy by the Department of the Navy Freedom of Information Act Program Instruction (SECNAVINST 5720.42F).

For additional information about the FOIA, refer to the Department of the Navy Freedom of Information Act Office web site at <http://www.foia.navy.mil>. If you are not familiar with the FOIA process, it is recommended that you visit this site for a thorough overview and links to related Department of Defense FOIA sites.

FOIA requests submitted to ONI should be limited to records which directly involve the agency's mission, which is to "to produce meaningful maritime intelligence and move that intelligence rapidly to key strategic, operational and tactical decision makers."

There are three ways to submit your written FOIA request to ONI or its subordinate Commands; The Farragut Technical Analysis Center, The Hopper Information Services Center, the Kennedy Irregular Warfare Center and the Nimitz Operational Intelligence Center:

1. By email to: (b) (6)
2. By first-class mail addressed to:  
Office of Naval Intelligence  
Staff Judge Advocate, Code: 00J  
4251 Suitland Road, Room 4E128  
Washington, DC 20395-5720

3. By fax to: 301-669-3509

Frequently requested records may be found in the ONI FOIA Web site Reading Room.

Before you submit your request, here are a few tips:

Label your request "FREEDOM OF INFORMATION ACT REQUEST" on the letter (and also on the envelope, if you submit a written request).

Describe the specific record(s) you are seeking with enough detail so that a knowledgeable official in ONI may locate the record(s) with a reasonable amount of effort. Details should include descriptive information and time-frame for the search to be conducted. Since the majority of Navy records are not retained permanently, the more information you provide, the better the opportunity there is for ONI to determine if the records still exist and where. The FOIA states that records must exist at the time the request is submitted to be considered valid.

State your willingness to pay all fees or those up to a specified amount, or provide a detailed justification to support a fee waiver as detailed in SECNAVINST 5720.42F. Agreements to pay fees are considered to be up to \$250, unless another amount is specified. The fee schedule is provided at enclosure (3) of SECNAVINST 5720.42F.

You will receive a response to your request. Please keep in mind that the 20 working day time limit begins when the request is received, and does not include Saturdays, Sundays or legal holidays. We will not obtain personally identifying information about you when you visit our site unless you choose to provide such information to us. If you choose to send email to the site webmaster, any

contact information that you provide will be used solely to respond to your request. It will not be stored.

Sincerely,

I want to get a baseline down before moving forward. Polygraph test is the best method. I'll agree to questions that include that in person with my own eyes I witnessed said aerospace operational ( hovering silently) for over ten minutes at less then 50 feet away. I'll answer questions that I did not break any laws. Once that baseline is down I'll provide a second source to be polygraph tested on same questions as well as a date and location of this viewing. That should put the polygraph estimate of truthfulness just short of 100%. That's when I'll talk about photos, videos, pieces of material. I'll gladly submit to drug testing and further.

My location is Wichita Kansas. I'll gladly keep quiet as long as there is a polygraph as the next step.

I'll provide my phone number however will not answer calls. Text or WhatsApp, Signal, Line or email works so I have recorded record. No other agencies, Navy or DoD only. I do not hold a security clearance.

Please set a time, date, and location for polygraph.

The FOIA is a disclosure statute intended by Congress to promote an informed citizenry. The law permits the public (U.S. or foreign citizens) to have access to records in the control and possession of the Executive Branch of the Federal Government. However, some records, or portions of them, are protected from disclosure by any of nine FOIA exemptions.

The FOIA is implemented throughout the U.S. Navy by the Department of the Navy Freedom of Information Act Program Instruction (SECNAVINST 5720.42F).

For additional information about the FOIA, refer to the Department of the Navy Freedom of Information Act Office web site at <http://www.foia.navy.mil>. If you are not familiar with the FOIA process, it is recommended that you visit this site for a thorough overview and links to related Department of Defense FOIA sites.

FOIA requests submitted to ONI should be limited to records which directly involve the agency's mission, which is to "to

produce meaningful maritime intelligence and move that intelligence rapidly to key strategic, operational and tactical decision makers.”

There are three ways to submit your written FOIA request to ONI or its subordinate Commands; The Farragut Technical Analysis Center, The Hopper Information Services Center, the Kennedy Irregular Warfare Center and the Nimitz Operational Intelligence Center:

1. By email to: (b) (6)

2. By first-class mail addressed to:

Office of Naval Intelligence

Staff Judge Advocate, Code: 00J

4251 Suitland Road, Room 4E128

Washington, DC 20395-5720

3. By fax to: 301-669-3509

Frequently requested records may be found in the ONI FOIA Web site Reading Room.

Before you submit your request, here are a few tips:

Label your request “FREEDOM OF INFORMATION ACT REQUEST” on the letter (and also on the envelope, if you submit a written request).

Describe the specific record(s) you are seeking with enough detail so that a knowledgeable official in ONI may locate the record(s) with a reasonable amount of effort. Details should include descriptive information and time-frame for the search to be conducted. Since the majority of Navy records are not retained permanently, the more information you provide, the better the opportunity there is for ONI to determine if the records still exist and where. The FOIA states that records must exist at the time the request is submitted to be considered valid.

State your willingness to pay all fees or those up to a specified amount, or provide a detailed justification to support a fee waiver as detailed in SECNAVINST 5720.42F. Agreements to pay fees are considered to be up to \$250, unless another amount is specified. The fee schedule is provided at enclosure (3) of SECNAVINST 5720.42F.

You will receive a response to your request. Please keep in mind that the 20 working day time limit begins when the request is received, and does not include Saturdays, Sundays or legal holidays.

We will not obtain personally identifying information about you when you visit our site unless you choose to provide such information to us. If you choose to send email to the site webmaster, any contact information that you provide will be used solely to respond to your request. It will not be stored.

Sincerely,

When you arrive in office Monday please let me know. I want to forward you email between myself a domestic US citizen and the CIA, you can verify it. I'll take question on polygraph to verify it relates to this Aircraft and the interest of others internationally. Unfortunately I'm going to have to hang the decision of mine on your polygraph test update you have planned for me after you speak to your team on Monday, so I'm offering up a few more ice cubes from the tip of the iceberg.

I want to get a baseline down before moving forward. Polygraph test is the best method. I'll agree to questions that include that in person with my own eyes I witnessed said aerospace operational ( hoovering silently) for over ten minutes at less then 50 feet away. I'll answer questions that I did not break any laws. Once that baseline

is down I'll provide a second source to be polygraph tested on same questions as well as a date and location of this viewing. That should put the polygraph estimate of truthfulness just short of 100%. That's when I'll talk about photos, videos, pieces of material. I'll gladly submit to drug testing and further.

My location is Wichita Kansas. I'll gladly keep quiet as long as there is a polygraph as the next step.

I'll provide my phone number however will not answer calls. Text or WhatsApp, Signal, Line or email works so I have recorded record. No other agencies, Navy or DoD only. I do not hold a security clearance.

Please set a time, date, and location for polygraph.

There are three ways to submit your written FOIA request to ONI or its subordinate Commands; The Farragut Technical Analysis Center, The Hopper Information Services Center, the Kennedy Irregular Warfare Center and the Nimitz Operational Intelligence Center:

1. By email to:

(b) (6) <mailto:(b) (6)> <mailto:(b) (6)> <mailto:(b) (6)>  
(b) (6) >><mailto:(b) (6)> <mailto:(b) (6)> <mailto:(b) (6)>  
(b) (6) <mailto:(b) (6)> >>>

2. By first-class mail addressed to:

Office of Naval Intelligence

Staff Judge Advocate, Code: 00J

4251 Suitland Road, Room 4E128

Washington, DC 20395-5720

3. By fax to: 301-669-3509

Frequently requested records may be found in the ONI FOIA Web site Reading Room.

Before you submit your request, here are a few tips:

Label your request "FREEDOM OF INFORMATION ACT REQUEST" on the letter (and also on the envelope, if you submit a written request).

Describe the specific record(s) you are seeking with enough detail so that a knowledgeable official in ONI may locate the record(s) with a reasonable amount of effort. Details should include descriptive information and time-frame for the search to be conducted. Since the majority of Navy records are not retained permanently, the more information you provide, the better the opportunity there is for ONI to determine if the records still exist and where. The FOIA states that records must exist at the time the request is submitted to be considered valid.

State your willingness to pay all fees or those up to a specified amount, or provide a detailed justification to support a fee waiver as detailed in SECNAVINST 5720.42F. Agreements to pay fees are considered to be up to \$250, unless another amount is specified. The fee schedule is provided at enclosure (3) of SECNAVINST 5720.42F.

You will receive a response to your request. Please keep in mind that the 20 working day time limit begins when the request is received, and does not include Saturdays, Sundays or legal holidays.

We will not obtain personally identifying information about you when you visit our site unless you choose to provide such information to us. If you choose to send email to the site webmaster, any contact information that you provide will be used solely to respond to your request. It will not be stored.

Sincerely,

I want to get a baseline down before moving forward. Polygraph test is the best method. I'll agree to questions that include that in person with my own eyes I witnessed said aerospace operational ( hovering silently) for over ten minutes at less then 50 feet away. I'll answer questions that I did not break any laws. Once that baseline is down I'll provide a second source to be polygraph tested on same questions as well as a date and location of this viewing. That should put the polygraph estimate of truthfulness just short of 100%. That's when I'll talk about photos, videos, pieces of material. I'll gladly submit to drug testing and further.

My location is Wichita Kansas. I'll gladly keep quiet as long as there is a polygraph as the next step.

I'll provide my phone number however will not answer calls. Text or WhatsApp, Signal, Line or email works so I have recorded record. No other agencies, Navy or DoD only. I do not hold a security clearance.

Please set a time, date, and location for polygraph.

Mr. (b) (6),

I do not understand your statements below. It is unclear whether you are trying to share information or are requesting information from the Navy.

Precisely what do you have in your possession? Where are you physically located? Do you have any connection to the Navy or Government? Your specific contact information is helpful - e.g., address, phone number.

You Sharing Information. Please DO NOT email or otherwise transfer ANYTHING in your possession that you know or reasonably believe to be classified by the US Government (e.g., classified at the Classified, Secret, Top Secret or SCI-levels, or

allied equivalents). Please DO NOT transmit known or suspected classified information over the Internet or by any other means. Should you believe you possess information that is classified, please advise and we can assist with necessary arrangements for the Federal Government to securely receive that information.

You Requesting Information. If requesting information from US Naval Intelligence, please feel free to direct your request to the Office of Naval Intelligence Freedom of Information Act coordinator, by the means outlined below.

From the Office of Naval Intelligence regarding Freedom of Information Act (FOIA):

<https://www.oni.navy.mil/Media/Freedom-of-Information-Act/><<https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>> <<https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>> <<https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>>

Notice: Due to the present Health Protection Condition (HPCON) level, our offices are limited to mission-essential personnel only while telework has been maximized for all other personnel. This means that we are unable to handle requests sent via traditional methods and can only respond to electronic inquiries while under elevated HPCON levels. It also means that our responses to inquiries about classified information will be similarly limited for the duration of this emergency.

The FOIA is a disclosure statute intended by Congress to promote an informed citizenry. The law permits the public (U.S. or foreign citizens) to have access to records in the control and possession of the Executive Branch of the Federal Government. However, some records, or portions of them, are protected from disclosure by any of nine FOIA exemptions.

The FOIA is implemented throughout the U.S. Navy by the Department of the Navy Freedom of Information Act Program Instruction (SECNAVINST 5720.42F).

For additional information about the FOIA, refer to the Department of the Navy Freedom of Information Act Office web site at <http://www.foia.navy.mil>. <<https://no-click.mil/?http://www.foia.navy.mil>> <<https://no-click.mil/?http://www.foia.navy.mil>> <<https://no-click.mil/?http://www.foia.navy.mil>> If you are not familiar with the FOIA process, it is recommended that you visit this site for a thorough overview and links to related Department of Defense FOIA sites.

FOIA requests submitted to ONI should be limited to records which directly involve the agency's mission, which is to "to produce meaningful maritime intelligence and move that intelligence rapidly to key strategic, operational and tactical decision makers."

There are three ways to submit your written FOIA request to ONI or its subordinate Commands; The Farragut Technical Analysis Center, The Hopper Information Services Center, the Kennedy Irregular Warfare Center and the Nimitz Operational Intelligence Center:

1. By email to:

(b) (6)

4251 Suitland Road, Room 4E128

Washington, DC 20395-5720

3. By fax to: 301-669-3509

Frequently requested records may be found in the ONI FOIA Web site Reading Room.

Before you submit your request, here are a few tips:

Label your request "FREEDOM OF INFORMATION ACT REQUEST" on the letter (and also on the envelope, if you submit a written request).

Describe the specific record(s) you are seeking with enough detail so that a knowledgeable official in ONI may locate the record(s) with a reasonable amount of effort. Details should include descriptive information and time-frame for the search to be conducted. Since the majority of Navy records are not retained permanently, the more information you provide, the better the opportunity there is for ONI to determine if the records still exist and where. The FOIA states that records must exist at the time the request is submitted to be considered valid.

State your willingness to pay all fees or those up to a specified amount, or provide a detailed justification to support a fee waiver as detailed in SECNAVINST 5720.42F. Agreements to pay fees are considered to be up to \$250, unless another amount is specified. The fee schedule is provided at enclosure (3) of SECNAVINST 5720.42F.

You will receive a response to your request. Please keep in mind that the 20 working day time limit begins when the request is received, and does not include Saturdays, Sundays or legal holidays.

We will not obtain personally identifying information about you when you visit our site unless you choose to provide such information to us. If you choose to send email to the site webmaster, any contact information that you provide will be used solely to respond to your request. It will not be stored.

NCIS says you forwarded to them. I'm a civilian, so they forwarded to FBI. No crime has been committed... I offered myself and another source for polygraph to confirm that, which means nothing for them to investigate. I'm holding the proof of what's under the so called TicTac... I also offered 2 sources for polygraph on that. I'm still honoring not releasing to the media, I can forward you email from several of the top journalist like Tyler Rogoway from TIME Inc The War Zone who want it from me not to mention NY Times. What I need is forwarded to the office that can make a deal. Secretary of Navy holds patents. Or the DoD. Otherwise it goes to media and worldwide and the story of all those I contacted before doing so. That does no one any good. I can't beat a dead horse any longer I'm afraid.

Subject: Re: [Non-DoD Source] Sensitive Information

I want to get a baseline down before moving forward. Polygraph test is the best method. I'll agree to questions that include that in person with my own eyes I witnessed said aerospace operational ( hoovering silently) for over ten minutes at less then 50 feet away. I'll answer questions that I did not break any laws. Once that baseline is down I'll provide a second source to be polygraph tested on same questions as well as a date and location of this viewing. That should put the polygraph estimate of truthfulness just short of 100%. That's when I'll talk about photos, videos, pieces of material. I'll gladly submit to drug testing and further.

My location is Wichita Kansas. I'll gladly keep quiet as long as there is a polygraph as the next step.

I'll provide my phone number however will not answer calls. Text or WhatsApp, Signal, Line or email works so I have recorded record. No other agencies, Navy or DoD only. I do not hold a security clearance.

Please set a time, date, and location for polygraph.

Mr. (b) (6),

I do not understand your statements below. It is unclear whether you are trying to share information or are requesting information from the Navy.

Precisely what do you have in your possession? Where are you physically located? Do you have any connection to the Navy or Government? Your specific contact information is helpful - e.g., address, phone number.

You Sharing Information. Please DO NOT email or otherwise transfer ANYTHING in your possession that you know or reasonably believe to be classified by the US Government (e.g., classified at the Classified, Secret, Top Secret or SCI-levels, or allied equivalents). Please DO NOT transmit known or suspected classified information over the Internet or by any other means. Should you believe you possess information that is classified, please advise and we can assist with necessary arrangements for the Federal Government to securely receive that information.

You Requesting Information. If requesting information from US Naval Intelligence, please feel free to direct your request to the Office of Naval Intelligence Freedom of Information Act coordinator, by the means outlined below.

From the Office of Naval Intelligence regarding Freedom of Information Act (FOIA):

<https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>[<https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>](https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/)[<https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>](https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/)[<https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>](https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/)

Notice: Due to the present Health Protection Condition (HPCON) level, our offices are limited to mission-essential personnel only while telework has been maximized for all other personnel. This means that we are unable to handle requests sent via traditional methods and can only respond to electronic inquiries while under elevated HPCON levels. It also means that our responses to inquiries about classified information will be similarly limited for the duration of this emergency.

The FOIA is a disclosure statute intended by Congress to promote an informed citizenry. The law permits the public (U.S. or foreign citizens) to have access to records in the control and possession of the Executive Branch of the Federal Government. However, some records, or portions of them, are protected from disclosure by any of nine FOIA exemptions.

The FOIA is implemented throughout the U.S. Navy by the Department of the Navy Freedom of Information Act Program Instruction (SECNAVINST 5720.42F).

For additional information about the FOIA, refer to the Department of the Navy Freedom of Information Act Office web site at <http://www.foia.navy.mil>. <<https://no-click.mil/?http://www.foia.navy.mil>> <<https://no-click.mil/?http://www.foia.navy.mil>> <<https://no-click.mil/?http://www.foia.navy.mil>> If you are not familiar with the FOIA process, it is recommended that you visit this site for a thorough overview and links to related Department of Defense FOIA sites.

FOIA requests submitted to ONI should be limited to records which directly involve the agency's mission, which is to "to produce meaningful maritime intelligence and move that intelligence rapidly to key strategic, operational and tactical decision makers."

There are three ways to submit your written FOIA request to ONI or its subordinate Commands; The Farragut Technical Analysis Center, The Hopper Information Services Center, the Kennedy Irregular Warfare Center and the Nimitz Operational Intelligence Center:

1. By email to:

(b) (6)  
>>>

2. By first-class mail addressed to:

Office of Naval Intelligence

Staff Judge Advocate, Code: 00J

4251 Suitland Road, Room 4E128

Washington, DC 20395-5720

3. By fax to: 301-669-3509

Frequently requested records may be found in the ONI FOIA Web site Reading Room.

Before you submit your request, here are a few tips:

Label your request "FREEDOM OF INFORMATION ACT REQUEST" on the letter (and also on the envelope, if you submit a written request).

Describe the specific record(s) you are seeking with enough detail so that a knowledgeable official in ONI may locate the record(s) with a reasonable amount of effort. Details should include descriptive information and time-frame for the search to be conducted. Since the majority of Navy records are not retained permanently, the more information you provide, the better the opportunity there is for ONI to determine if the records still exist and where. The FOIA states that records must exist at the time the request is submitted to be considered valid.

State your willingness to pay all fees or those up to a specified amount, or provide a detailed justification to support a fee waiver as detailed in SECNAVINST 5720.42F. Agreements to pay fees are considered to be up to \$250, unless another amount is specified. The fee schedule is provided at enclosure (3) of SECNAVINST 5720.42F.

You will receive a response to your request. Please keep in mind that the 20 working day time limit begins when the request is received, and does not include Saturdays, Sundays or legal holidays.

We will not obtain personally identifying information about you when you visit our site unless you choose to provide such information to us. If you choose to send email to the site webmaster, any contact information that you provide will be used solely to respond to your request. It will not be stored.

Sincerely,

I want to get a baseline down before moving forward. Polygraph test is the best method. I'll agree to questions that include that in person with my own eyes I witnessed said aerospace operational ( hovering silently) for over ten minutes at less then 50 feet away. I'll answer questions that I did not break any laws. Once that baseline is down I'll provide a second source to be polygraph tested on same questions as well as a date and location of this viewing. That should put the polygraph estimate of truthfulness just short of 100%. That's when I'll talk about photos, videos, pieces of material. I'll gladly submit to drug testing and further.

My location is Wichita Kansas. I'll gladly keep quiet as long as there is a polygraph as the next step.

I'll provide my phone number however will not answer calls. Text or WhatsApp, Signal, Line or email works so I have recorded record. No other agencies, Navy or DoD only. I do not hold a security clearance.

Please set a time, date, and location for polygraph.

Mr. (b) (6),

I do not understand your statements below. It is unclear whether you are trying to share information or are requesting information from the Navy.

Precisely what do you have in your possession? Where are you physically located? Do you have any connection to the Navy or Government? Your specific contact information is helpful - e.g., address, phone number.

You Sharing Information. Please DO NOT email or otherwise transfer ANYTHING in your possession that you know or reasonably believe to be classified by the US Government (e.g., classified at the Classified, Secret, Top Secret or SCI-levels, or allied equivalents). Please DO NOT transmit known or suspected classified information over the Internet or by any other means. Should you believe you possess information that is classified, please advise and we can assist with necessary arrangements for the Federal Government to securely receive that information.

You Requesting Information. If requesting information from US Naval Intelligence, please feel free to direct your request to the Office of Naval Intelligence Freedom of Information Act coordinator, by the means outlined below.

From the Office of Naval Intelligence regarding Freedom of Information Act (FOIA):

<https://www.oni.navy.mil/Media/Freedom-of-Information-Act/><<https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>><<https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>><<https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>>

Notice: Due to the present Health Protection Condition (HPCON) level, our offices are limited to mission-essential personnel only while telework has been maximized for all other personnel. This means that we are unable to handle requests sent via traditional methods and can only respond to electronic inquiries while under elevated HPCON levels. It also means that our responses to inquiries about classified information will be similarly limited for the duration of this emergency.

The FOIA is a disclosure statute intended by Congress to promote an informed citizenry. The law permits the public (U.S. or foreign citizens) to have access to records in the control and possession of the Executive Branch of the Federal Government. However, some records, or portions of them, are protected from disclosure by any of nine FOIA exemptions.

The FOIA is implemented throughout the U.S. Navy by the Department of the Navy Freedom of Information Act Program Instruction (SECNAVINST 5720.42F).

For additional information about the FOIA, refer to the Department of the Navy Freedom of Information Act Office web site at <http://www.foia.navy.mil>. <<https://no-click.mil/?http://www.foia.navy.mil>> <<https://no-click.mil/?http://www.foia.navy.mil>> <<https://no-click.mil/?http://www.foia.navy.mil>> If you are not familiar with the FOIA process, it is recommended that you visit this site for a thorough overview and links to related Department of Defense FOIA sites.

FOIA requests submitted to ONI should be limited to records which directly involve the agency's mission, which is to "to produce meaningful maritime intelligence and move that intelligence rapidly to key strategic, operational and tactical decision makers."

There are three ways to submit your written FOIA request to ONI or its subordinate Commands; The Farragut Technical Analysis Center, The Hopper Information Services Center, the Kennedy Irregular Warfare Center and the Nimitz Operational Intelligence Center:

1. By email to:

(b) (6)  
>>>

2. By first-class mail addressed to:

Office of Naval Intelligence  
Staff Judge Advocate, Code: 00J  
4251 Suitland Road, Room 4E128  
Washington, DC 20395-5720

3. By fax to: 301-669-3509

Frequently requested records may be found in the ONI FOIA Web site Reading Room.

Before you submit your request, here are a few tips:

Label your request "FREEDOM OF INFORMATION ACT REQUEST" on the letter (and also on the envelope, if you submit a written request).

Describe the specific record(s) you are seeking with enough detail so that a knowledgeable official in ONI may locate the record(s) with a reasonable amount of effort. Details should include descriptive information and time-frame for the search to be conducted. Since the majority of Navy records are not retained permanently, the more information you provide, the better the opportunity there is for ONI to determine if the records still exist and where. The FOIA states that records must exist at the time the request is submitted to be considered valid.

State your willingness to pay all fees or those up to a specified amount, or provide a detailed justification to support a fee waiver as detailed in SECNAVINST 5720.42F. Agreements to pay fees are considered to be up to \$250, unless another amount is specified. The fee schedule is provided at enclosure (3) of SECNAVINST 5720.42F.

You will receive a response to your request. Please keep in mind that the 20 working day time limit begins when the request is received, and does not include Saturdays, Sundays or legal holidays.

We will not obtain personally identifying information about you when you visit our site unless you choose to provide such information to us. If you choose to send email to the site webmaster, any contact information that you provide will be used solely to respond to your request. It will not be stored.

Sincerely,

(b) (6)

Do I need to notify DoD of case to get them to look at it? Or they have it and if I don't want to wait I can reach them? If they have it only fair to give them time at this point to respond to me.

Thank you,

I want to get a baseline down before moving forward. Polygraph test is the best method. I'll agree to questions that include that in person with my own eyes I witnessed said aerospace operational ( hoovering silently) for over ten minutes at less then 50 feet away. I'll answer questions that I did not break any laws. Once that baseline is down I'll provide a second source to be polygraph tested on same questions as well as a date and location of this viewing. That should put the polygraph estimate of truthfulness just short of 100%. That's when I'll talk about photos, videos, pieces of material. I'll gladly submit to drug testing and further.

My location is Wichita Kansas. I'll gladly keep quiet as long as there is a polygraph as the next step.

I'll provide my phone number however will not answer calls. Text or WhatsApp, Signal, Line or email works so I have recorded record. No other agencies, Navy or DoD only. I do not hold a security clearance.

Please set a time, date, and location for polygraph.

I do not understand your statements below. It is unclear whether you are trying to share information or are requesting information from the Navy.

Precisely what do you have in your possession? Where are you physically located? Do you have any connection to the Navy or Government? Your specific contact information is helpful - e.g., address, phone number.

You Sharing Information. Please DO NOT email or otherwise transfer ANYTHING in your possession that you know or reasonably believe to be classified by the US Government (e.g., classified at the Classified, Secret, Top Secret or SCI-levels, or allied equivalents). Please DO NOT transmit known or suspected classified information over the Internet or by any other means. Should you believe you possess information that is classified, please advise and we can assist with necessary arrangements for the Federal Government to securely receive that information.

You Requesting Information. If requesting information from US Naval Intelligence, please feel free to direct your request to the Office of Naval Intelligence Freedom of Information Act coordinator, by the means outlined below.

From the Office of Naval Intelligence regarding Freedom of Information Act (FOIA):

<https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>[<https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>](https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/)[<https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>](https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/)[<https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>](https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/)

Notice: Due to the present Health Protection Condition (HPCON) level, our offices are limited to mission-essential personnel only while telework has been maximized for all other personnel. This means that we are unable to handle requests sent via traditional methods and can only respond to electronic inquiries while under elevated HPCON levels. It also means that our responses to inquiries about classified information will be similarly limited for the duration of this emergency.

The FOIA is a disclosure statute intended by Congress to promote an informed citizenry. The law permits the public (U.S. or foreign citizens) to have access to records in the control and possession of the Executive Branch of the Federal Government. However, some records, or portions of them, are protected from disclosure by any of nine FOIA exemptions.

The FOIA is implemented throughout the U.S. Navy by the Department of the Navy Freedom of Information Act Program Instruction (SECNAVINST 5720.42F).

For additional information about the FOIA, refer to the Department of the Navy Freedom of Information Act Office web site at <http://www.foia.navy.mil>. <<https://no-click.mil/?http://www.foia.navy.mil>> <<https://no-click.mil/?http://www.foia.navy.mil>> <<https://no-click.mil/?http://www.foia.navy.mil>> If you are not familiar with the FOIA process, it is recommended that you visit this site for a thorough overview and links to related Department of Defense FOIA sites.

FOIA requests submitted to ONI should be limited to records which directly involve the agency's mission, which is to "to produce meaningful maritime intelligence and move that intelligence rapidly to key strategic, operational and tactical decision makers."

There are three ways to submit your written FOIA request to ONI or its subordinate Commands; The Farragut Technical Analysis Center, The Hopper Information Services Center, the Kennedy Irregular Warfare Center and the Nimitz Operational Intelligence Center:

1. By email to:

(b) (6)  
[Redacted]  
[Redacted] >>>

2. By first-class mail addressed to:

Office of Naval Intelligence  
Staff Judge Advocate, Code: 00J  
4251 Suitland Road, Room 4E128  
Washington, DC 20395-5720

3. By fax to: 301-669-3509

Frequently requested records may be found in the ONI FOIA Web site Reading Room.

Before you submit your request, here are a few tips:

Label your request "FREEDOM OF INFORMATION ACT REQUEST" on the letter (and also on the envelope, if you submit a written request).

Describe the specific record(s) you are seeking with enough detail so that a knowledgeable official in ONI may locate the record(s) with a reasonable amount of effort. Details should include descriptive information and time-frame for the search to be conducted. Since the majority of Navy records are not retained permanently, the more information you provide, the better the opportunity there is for ONI to determine if the records still exist and where. The FOIA states that records must exist at the time the request is submitted to be considered valid.

State your willingness to pay all fees or those up to a specified amount, or provide a detailed justification to support a fee waiver as detailed in SECNAVINST 5720.42F. Agreements to pay fees are considered to be up to \$250, unless another amount is specified. The fee schedule is provided at enclosure (3) of SECNAVINST 5720.42F.

You will receive a response to your request. Please keep in mind that the 20 working day time limit begins when the request is received, and does not include Saturdays, Sundays or legal holidays.

We will not obtain personally identifying information about you when you visit our site unless you choose to provide such information to us. If you choose to send email to the site webmaster, any contact information that you provide will be used solely to respond to your request. It will not be stored.

Sincerely,

You Requesting Information. If requesting information from US Naval Intelligence, please feel free to direct your request to the Office of Naval Intelligence Freedom of Information Act coordinator, by the means outlined below.

From the Office of Naval Intelligence regarding Freedom of Information Act (FOIA):

<https://www.oni.navy.mil/Media/Freedom-of-Information-Act/><<https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>><<https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>><<https://no-click.mil/?https://www.oni.navy.mil/Media/Freedom-of-Information-Act/>>

Notice: Due to the present Health Protection Condition (HPCON) level, our offices are limited to mission-essential personnel only while telework has been maximized for all other personnel. This means that we are unable to handle requests sent via traditional methods and can only respond to electronic inquiries while under elevated HPCON levels. It also means that our responses to inquiries about classified information will be similarly limited for the duration of this emergency.

The FOIA is a disclosure statute intended by Congress to promote an informed citizenry. The law permits the public (U.S. or foreign citizens) to have access to records in the control and possession of the Executive Branch of the Federal Government. However, some records, or portions of them, are protected from disclosure by any of nine FOIA exemptions.

The FOIA is implemented throughout the U.S. Navy by the Department of the Navy Freedom of Information Act Program Instruction (SECNAVINST 5720.42F).

For additional information about the FOIA, refer to the Department of the Navy Freedom of Information Act Office web site at <http://www.foia.navy.mil>. <<https://no-click.mil/?http://www.foia.navy.mil>> <<https://no-click.mil/?http://www.foia.navy.mil>> <<https://no-click.mil/?http://www.foia.navy.mil>> If you are not familiar with the FOIA process, it is recommended that you visit this site for a thorough overview and links to related Department of Defense FOIA sites.

FOIA requests submitted to ONI should be limited to records which directly involve the agency's mission, which is to "to produce meaningful maritime intelligence and move that intelligence rapidly to key strategic,

operational and tactical decision makers.”

There are three ways to submit your written FOIA request to ONI or its subordinate Commands; The Farragut Technical Analysis Center, The Hopper Information Services Center, the Kennedy Irregular Warfare Center and the Nimitz Operational Intelligence Center:

1. By email to:

(b) (6)

>>>

2. By first-class mail addressed to:

Office of Naval Intelligence

Staff Judge Advocate, Code: 00J

4251 Suitland Road, Room 4E128

Washington, DC 20395-5720

3. By fax to: 301-669-3509

Frequently requested records may be found in the ONI FOIA Web site Reading Room.

Before you submit your request, here are a few tips:

Label your request “FREEDOM OF INFORMATION ACT REQUEST” on the letter (and also on the envelope, if you submit a written request).

Describe the specific record(s) you are seeking with enough detail so that a knowledgeable official in ONI may locate the record(s) with a reasonable amount of effort. Details should include descriptive information and time-frame for the search to be conducted. Since the majority of Navy records are not retained permanently, the more information you provide, the better the opportunity there is for ONI to determine if the records still exist and where. The FOIA states that records must exist at the time the request is submitted to be considered valid.

State your willingness to pay all fees or those up to a specified amount, or provide a detailed justification to support a fee waiver as detailed in SECNAVINST 5720.42F. Agreements to pay fees are considered to be up to \$250, unless another amount is specified. The fee schedule is provided at enclosure (3) of SECNAVINST 5720.42F.

You will receive a response to your request. Please keep in mind that the 20 working day time limit begins when the request is received, and does not include Saturdays, Sundays or legal holidays.

We will not obtain personally identifying information about you when you visit our site unless you choose to provide such information to us. If you choose to send email to the site webmaster, any contact information that you provide will be used solely to respond to your request. It will not be stored.

Sincerely,

(b) (6)

Looks like you have let the info I sent you slip out the door at one point or another. Could be from the news yesterday, let's leave it at that. Could also be from NCIS that you sent it to, or the other unnamed department. In your first email you mentioned sending someone to pick up anything I had. Can you send that person with a check? Material imprinted with the "signature of the UAP" to be able to know, then build around picking up that signature is now for sale.... A car that has been within 50 feet or closer and directly under it many times. It's not needing to leave in a nuclear bag. But if in the wrong hands it's the answer to tracking the TicTac if someone was smart enough to figure it out. Name your price. Otherwise goes to highest bidder. I haven't committed any crimes so this is a service to you and the US Government.

I was directed to (b) (6), after several weeks wait she has notified me that ONI FOIA is not right for my Nights case file FOIA. Can you please clarify representative handling Privacy Act/ FOIA request for your office and NIGHTS case number 202003676. I have already reached NCIS. I have made many calls, no one knows other than sending me to wrong person.

Her remarks...

202003676 was the reference number given to you by Assistant IG of Naval Investigations Naval Intelligence Activity, (b) (6). I suggest you reach out the Naval Investigation, Naval Intelligence Activity, since they were the ones to assigned NIGHT case. There office and NCIS might have information related to your request, unfortunately, we do not have any information.

NIGHTS case 202003676 was opened and closed on July 24, 2020. The purpose of the file is to document our communications. As mentioned, your concerns are not IG matters.

The Department of Justice is the Federal Government lead for FOIA. More information is available at <https://www.foia.gov/>. Some information is exempt from release, and agencies may charge a nominal fee.

The Naval Inspector General owns all IG case files; more information available at <https://www.secnav.navy.mil/ig/Pages/FOIA/SubmitFOIARequest.aspx>.
